Emu Oil naturally contains Omega 3 & 6

Emu Oil is an extraordinary natural emollient rich in essential fatty acids and is known for its moisturizing, anti-inflammatory and healing properties.

EmuMagic™ Pure Emu Oil provides deep penetrating, maximum anti-inflammatory, bacteriostatic, anti-microbial and moisturizing benefits. It is hypo-allergenic, non-irritating and doesn't clog pores even on the most sensitive skin. EmuMagic™ Pure Emu Oil is quality, therapeutic high grade emu oil containing essential fatty acids Omega 3 and Omega 6. It meets or exceeds all American Emu Association quality standards.

*"There is a statistical advantage found for the burn sites treated with emu oil".
Dr Robert Griswold, Harner Burn Center,
Texas Tech.*

Dr. Leigh Hopkins said patients treated with emu oil had less discomfort and pain and their wounds seemed to heal faster and with less scarring.
